Introduction/Plan Overview:

No matter what our health problems may be, it is important that we are all recognized and respected as being the best source of information about ourselves and what is important to us. This plan can assist you to get the best possible care and support that is based on your values and preferences.

If you are unable to make decisions or communicate for yourself, this plan would help guide people you trust, your designated Health Care Agent and health professionals when providing your needed care and support. It will help you direct them to make every effort to honor your wishes. Sometimes, this may not be possible, due to limitations of a conservatorship if you are conserved, or because of lack of resources, such as placement at your preferred place of hospitalization.

If there is anything you do not care to answer, please draw a line through that section and initial on the line you draw as your response.

17. Signing Instructions:
To help make your Mental Health Supportive Care Plan effective, it is best that you do this as a part of your Advance Health Care Directive (AHCD). If your Mental Health Supportive Care Plan is done as a formal part of your Advance Health Care Directive (AHCD), your signature could be done and witnessed or notarized when you sign your Advance Health Care Directive. To include this as part of your AHCD, in the AHCD under “Special Instructions” or “Attachments” you would write in “See Mental Health Supportive Care Plan attached.” Then you would attach your Mental Health Care Supportive Plan to the AHCD before finalizing and signing your AHCD.

If you do this separate and apart from your Advance Health Care Directive (AHCD), it is best if you can sign your Mental Health Supportive Care Plan when your signature can be witnessed by two people who meet the same witnessing requirements required to complete your Advance Health Care Directive as given below. Or you could have your signature notarized to legally prove you are the person who signed this form. This does not insure your wishes will be honored. It does prove that these are your wishes and that you want your wishes honored whenever possible.

18. YOUR SIGNATURE
This verifies that I am the person completing this Mental Health Supportive Care Plan to make my preferences known and help guide my care when I am having a mental health crisis.

If you do not have witnesses take your completed form to a person who is a notary public who can verify your identification and notarize your signature to complete your form. The Notary will complete a Certificate of Acknowledgement that you are the person signing this form. You will attach that completed Certificate to this form. If you need a Notary you can use the form on the next page. Instructions for Nursing Home Residents are also on next page.

User’s Note: Development of the Mental Health Supportive Care Plan was facilitated by Susan Keller, MA, MLIS, Director of the Community Network for Appropriate Technologies working in collaboration with the Behavioral Health Division, County of Sonoma (BHD), the Coalition for Compassionate Care of CA (CCCC) and Goodwill Redwood Empire. For more information email skeller@pacific.net.
**Certificate of Acknowledgement of Notary Public**  (Not required if signed by two witnesses)

A Notary Public or other officer completing this certificate verifies only the identity of the individual who signed the document to which the certificate is attached, and not the truthfulness, accuracy or validity of that document.
