

## ***Special Presentation***

### ***The Making A Plan (MAP) Program***

The MAP program recognizes that we are the experts on what's right for us. MAP is designed to help us inform our care teams, when we're not able to engage with them, in times of a crisis such as an accident or serious illness including mental health crisis.

Please join us as Susan Keller introduces the MAP program and leads us in discussion about opportunities to receive MAP services at Interlink Self-Help Center and the Wellness and Advocacy Center.
